VISION

Our vision at KC Group of Institutions is to establish pioneering and innovative institutes which strive to be centers of excellence that provide easy access for life long learning, an environment for innovation, intellectual pursuits and leadership in the economic, cultural and intellectual evolution of our community.

MISSION

Our mission is to provide easy access to quality education to the aspirants of our society. We are committed to provide instruction and support service of the highest quality to our students. Educational quality and knowledge updates are achieved by promoting carefully planned strategic learning opportunities designed to provide students with a competitive advantage for life time carrier success.

OUR VALUES

Commitment to Results : One key to commitment is deciding goals that are S.M.A.R.T. (Specific , Mearurable, Appropriate, Realistic & Time bound). We believe in our self and in our goals and are committed to fulfill our goals to achieve the best results.

Sh. Khushal Chand Gandhi

Founder KC Group

Of a rich and established heritage Sh. Khushal Chand Gandhi Ji was a man with distinction. His journey of mind and heart, across the 20th century, engaged him with all the great issues- Political, Social and Religious, of the day and provoked him to give a fresh reading to the things and new meaning and understanding to the life. Following his footprints, Sh. Prem Pal Gandhi, son of Sh. Khushal Chand Gandhi established KC Social Welfare Trust and KC Social and Educational Society which have more than a dozen Educational Institutions. These Institutions are the best examples of this great realization of the dream of Sh. Khushal Chand Gandhi. All of our campuses enjoy a friendly community and offers a welcoming environment to the students.

INSIGHT

Welcome to KC Group of Institutions. We offer high quality teaching, a wide variety of courses, outstanding student support and a friendly environment to live and to study.

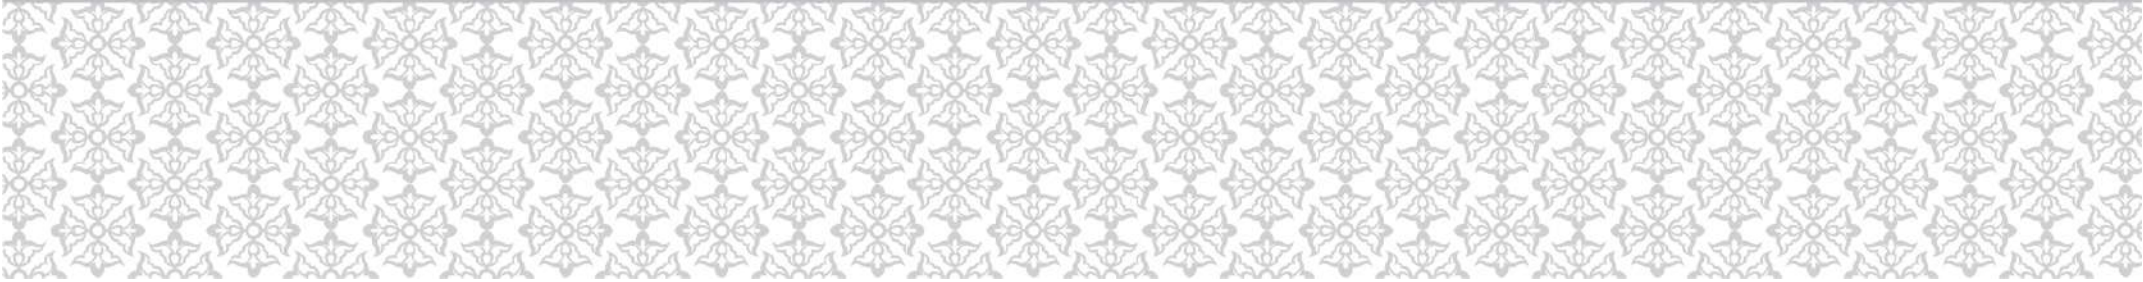

We are delighted that you are exploring the opportunities available here. In the pages that follow we seek to provide you with information about course offerings, life beyond the classroom that we think you will need in order to make an informed choice about where you would like to spend your undergraduate years.

We are committed to a broad based education which encourages you to experiment intellectually before specializing in your chosen field study. At KC Group of Institutions you can pursue a degree across a wide range of subjects in Engineering, Management, Agriculture Commerce, Hotel Management, Media and Animation, Computer Application, Mass Communication,

Commerce, Pharmacy and Diploma Engineering. You will study with dedicated and talented teachers in an environment small (Large) enough to ensure that advice and guidance is available to you.

Our objective is to create a class of qualified. Innovative and dynamic professionals. We are committed to provide leadership and support to students and help them in their professional development.

In the last 2 decade we had inspired individuals to believe in their ability and become more than what they expected to be. We welcome you to KC Group of Institutions and assure you that your education would be as enterprising experience as you expect.

Sh. Prem Pal Gandhi, Chairman

FROM THE CHAIRMAN'S DESK

Dear Parents and Students

Education has always been important to any democratic country but , perhaps never more so in man's history than today. In a world based on science and technology, it is education that determines the level of prosperity, welfare and security of people and serves as a powerful instrument of social, economic and cultural transformations necessary for realizing the national goals.

We feel proud to open the door of endless possibilities for our new generation. Our mission is to provide a learning environment to the students so that they are enlightened with the world of knowledge and are ready to prove themselves in this tearing competition. We help them to develop their behavioral and managerial skills which will help them at their workplace and enable to confront the emerging challenges of the future. We believe in the complete development of our students and encourage them by providing the best of exposure in terms of knowledge, technology and infrastructure. We have a very dedicated faculty to guide students in the right direction in all fields of education and co-curricular activities.

I am proud to say that once the students steps in at KCGI, he/she steps out with self confidence and knowledge to face all challenges of modern world. We try our best to setup the educational system which instills in the minds of students the capacities of inquiry, creativity, technology, moral values and leadership along with imbibing virtues such as discipline, dedication and commitment so that they may excel in all walks of life and become ready for employment and grab worldwide opportunities when they part from us.

Education is simply the soul of a society as it passes from one generation to another.

With Best Wishes

Prem Pal Gandhi

Chairman

Sh. Hitesh Gandhi, Vice-Chairman

FROM THE VICE-CHAIRMAN'S DESK

Dear Students

KC Group of Institutions encompasses vibrant, modern learning community with quality teaching, an excellent reputation for applicable academics and state-of-the-art facilities, plus outstanding students' reports.

The KCGI has a long and well established legacy of providing high quality education. It is all about pursuing academic excellence, value based education and providing a conducive environment for overall personality development of students. The academic programs offered by KCGI are comprehensive and are continuously being updated to keep pace with latest developments and innovations in associated disciplines with necessary blend of technology. We have a perfect blend of academics, undying spirit, team leadership and dynamic environment to motivate our faculty, staff and students to deliver their best. We have very competent and core faculty team.

Our objective is to create a class of qualified, innovative and dynamic professionals. We are committed to provide leadership and support for students and help them in their professional development. In the last decade we had inspired individuals to believe in their ability and become more than what they expected to be. We welcome you to KC Group of Institution and assure you that your education would be as enterprising experience as you expect. KC Group of Institutions recognizes the values of combining theory and performance. KCGI provides a rigorous education blending liberal arts and professional programs of study. Learning at KCGI extends beyond the classroom encompassing a broad range of professional and extracurricular opportunities.

We inspire our students to learn and to develop in all aspects: intellectually, physically and emotionally. We inspire students to continue learning throughout life following the KAIZEN approach. We prepare and empower students to be successful by helping them develop the knowledge, skills and abilities needed to enter or progress in the work force and to adapt and thrive in our increasingly diverse world.

With Very Best Wishes

Hitesh Gandhi

Vice Chairman

FROM THE CAC'S DESK

FROM THE CAC'S DESK

FROM THE CAC'S DESK

Dear Parent,

Down the ages, our concept of education has undergone a gradual metamorphosis. Yet, the intrinsic values and principles have generally remained unchanged. While education always aimed to impart knowledge and develop the mind, the major function of education still remained to inculcate in the students, a desire to evolve in tune with the ever changing societal needs. At KC Group of institutions, we have always endeavored to make this process of integration harmonious, smooth and self-evolving.

The KC Campus provides the state-of –the-art infrastructure and modern facilities, may it be classrooms, laboratories, playgrounds, computer labs and everything else required for conducive environment for academic & co-curricular activities. We would love to welcome your ward here and assure him of wonderful, calm and beautiful environs for his/her learning and help to place him/her in life productively and harmoniously in the service of the nation.

I take immense pleasure to rejoin the KC Group of Institutions Nawanshahr as CAC. Coming back to KCGI Nawanshahr has been a matter of great pride and privilege for me because it is here that I participated in the development and promotion of all KC Group of institutions in the capacity of CEO for a decade. And it is here once again that I look forward to see these institutions turning into institutions of excellence.

Dear Parents, I congratulate and appreciate your discriminating choice of selecting one of the institutions of KC Group for your ward.

Wising you and your ward Godspeed

Brig HS Bhandal

CAC

Major Gen GK Chopra, VSM

FROM THE CEO'S DESK

You have to dream before your dreams come true. -APJ Abdul Kalam

Education is the most powerful tool which can transform a person into a better human being, who in turn can bring a positive change in the society. As education passes from one generation to another, it takes the nation onto the path of growth and development. We at the KC Group of Institutions are proud of providing quality education to our students and they are playing an important role in nation building.

Our responsibility as privileged human beings is to pay back for the opportunities we have received. These precious values are diminishing in our society and here in this great institution, we endlessly strive to retrieve and inculcate these life building values among our students.

We feel proud to provide quality education by equipping our students with skills, confidence and a positive approach with an all-round development. The KC group of institutions is relentlessly striving to perceive and maintain academic excellence at the same time, encourage the students to participate in co-curricular, extra-curricular and sports activities. An amiable environment at all our campuses, nurtures creativity, passion, resilience and leadership qualities among our students for development of a versatile personality.

Our group of institution offers many courses and subjects to suit needs of all. These include Engineering, Polytechnic, Commerce, MBA, Hotel Management, Pharmacy, Education and Agriculture. We are also looking forward to adding a few new more courses with every passing year. The institution can easily boast of attracting students from more than 11 states and from every caste, religion and economic group. All these are extended equal opportunities and facilities. Our progressive Management is striving hard to make these institutions as institutes of excellence. We do have tie ups with foreign countries and our student's gets exposure to visit these foreign countries and interact with various institutions.

I am pleased to welcome the students to this institution and we together shall not only educate the children but also foster in them the values which shall make them better human beings, thoroughly successful professionals and contributors to our nation building.

My best wishes to all.

Maj Gen GK Chopra, VSM

Vidyaiv Balam, JAI HIND

If you can't fly.....run, if you can't run..... walk, if you can't walk.....crawl, but whatever you do, you have to move forward--- Martin Luther King Jr.

The Legacy Heritage

The Legacy Heritage

KC Group of Institutions, since its inception, has been dedicated to its mission of academic excellence through pragmatic approaches. In order to face global challenges of 21st Century, KC Group of Institutions firmly believes in the principle of inducing educational, social, cultural, spiritual awakening through multi-faceted curricular and co-curricular activities.

The inspiration behind establishing the KC Group of Institutions is the anvil on which the nation's citizens are forged and fashioned. Today's youth has light in their eyes, fire in their belly and grit to take on the world. Unless properly channelized, these sterling qualities wither away like unkept flower gardens. Education should build character, sharpen the intellect, and encourage free thinking. The idea is not to give the students just an assembly line degree but to sculpt the young minds into giants of knowledge with upright character and unwavering ethics, processing a firm resolve to shape the future. They must adapt to change and steer through the turbulent sea of the world like an adept Captain of the ship. Driven by a passionate desire to create such institutions, KC Group of Institutions was established in 2000. The encouragement and overwhelming response, paved way for creation of other professional institutions in the following years, to impart quality education in specialized fields like Engineering, Management, Hotel Management, Pharmaceuticals Sciences, Media & Animation, Agriculture, Education, Commerce, Diploma & Schools.

IMPORTANT MILESTONES

2000: KC public School was established in 2000 and is affiliated to the Central Board of Secondary Education (CBSE). This school is a co-educational day boarding school with classes from pre nursery to class 12th.

2004: KC College of Engineering and IT, Nawanshahr was started with a view to uplift the status of technical education in the region. B.Tech (CSE, IT, ECE, ME, CIVIL, EE) and M.Tech(CSE, ME) are offered here. it is affiliated to Punjab Technical University and approved by AICTE, New Delhi.

2005: KC College of Education was established in 2005. This college is affiliated to Guru Nanak Dev University, Amritsar.

KC College of Hotel Management was established with courses in B.Sc. H&HA (NCHM), BHM, B.Sc. HM (PTU), Diploma in Food Production, Bakery & F & B Service. KC College of Hotel Management is affiliated to IKJ-PTU Kapurthala and is recognized by AICTE.

2006: KC Group expands to include **Polytechnic College** to cater the diploma courses in Nawanshahr campus. It is affiliated to Punjab State Board of Technical Education and Industrial Training, Chandigarh and is recognized by All India Council of Technical Education (AICTE) Govt. of India, New Delhi and state department of technical education & industrial training of Punjab, Chandigarh.

2008: KC School of Management and Computer Application was added to Nawanshahr campus for degree classes in BBA, BCA. It is affiliated to Punjab Technical University.

2009: Pandoga Campus with disciplines of Engineering (Both at degree level and Diploma Level), **Management and Pharmacy** is established at UNA and affiliated with Himachal Pradesh University (Now HPTU) and approved by AICTE.

2010: Multimedia and Animation Courses approved by Govt. of Punjab and affiliated to Punjab technical University, Jalandhar started at

Nawanshahr Campus for degree classes in B.Sc MEFT (Media Entertainment and Film Technology) and B.Sc. Animation & Multimedia Technology (A&MT).

2011: Group introduced **CISCO Academy** and **M.Tech Degree** in Nawanshahr Campus.

The group subsequently evolved through a number of mergers. It merged with **KC Land and Finance Ltd.**, **KC MAXX**, **KC Hotels & Resorts** and **KC Estates**.

2012- Feeling the pulse of present scenario in market, KCGI started **B.Com (Professional)** in its Nawanshahr campus. This degree is affiliated to Punjab Technical University and enables the student as perfect business professional.

2013- Concentrating the welfare of society and focusing on its goal, KCGI started its third campus in Vill. Dagham, Garhshankar. **KC Public School** is running successfully in this campus and serving the nearby community.

2014- Punjab is an agrarian state and maximum population here is indulged in agriculture and farming occupation. To cater to the farmer community, KCGI started **B.Sc-. Agriculture** in its Nawanshahr Campus.

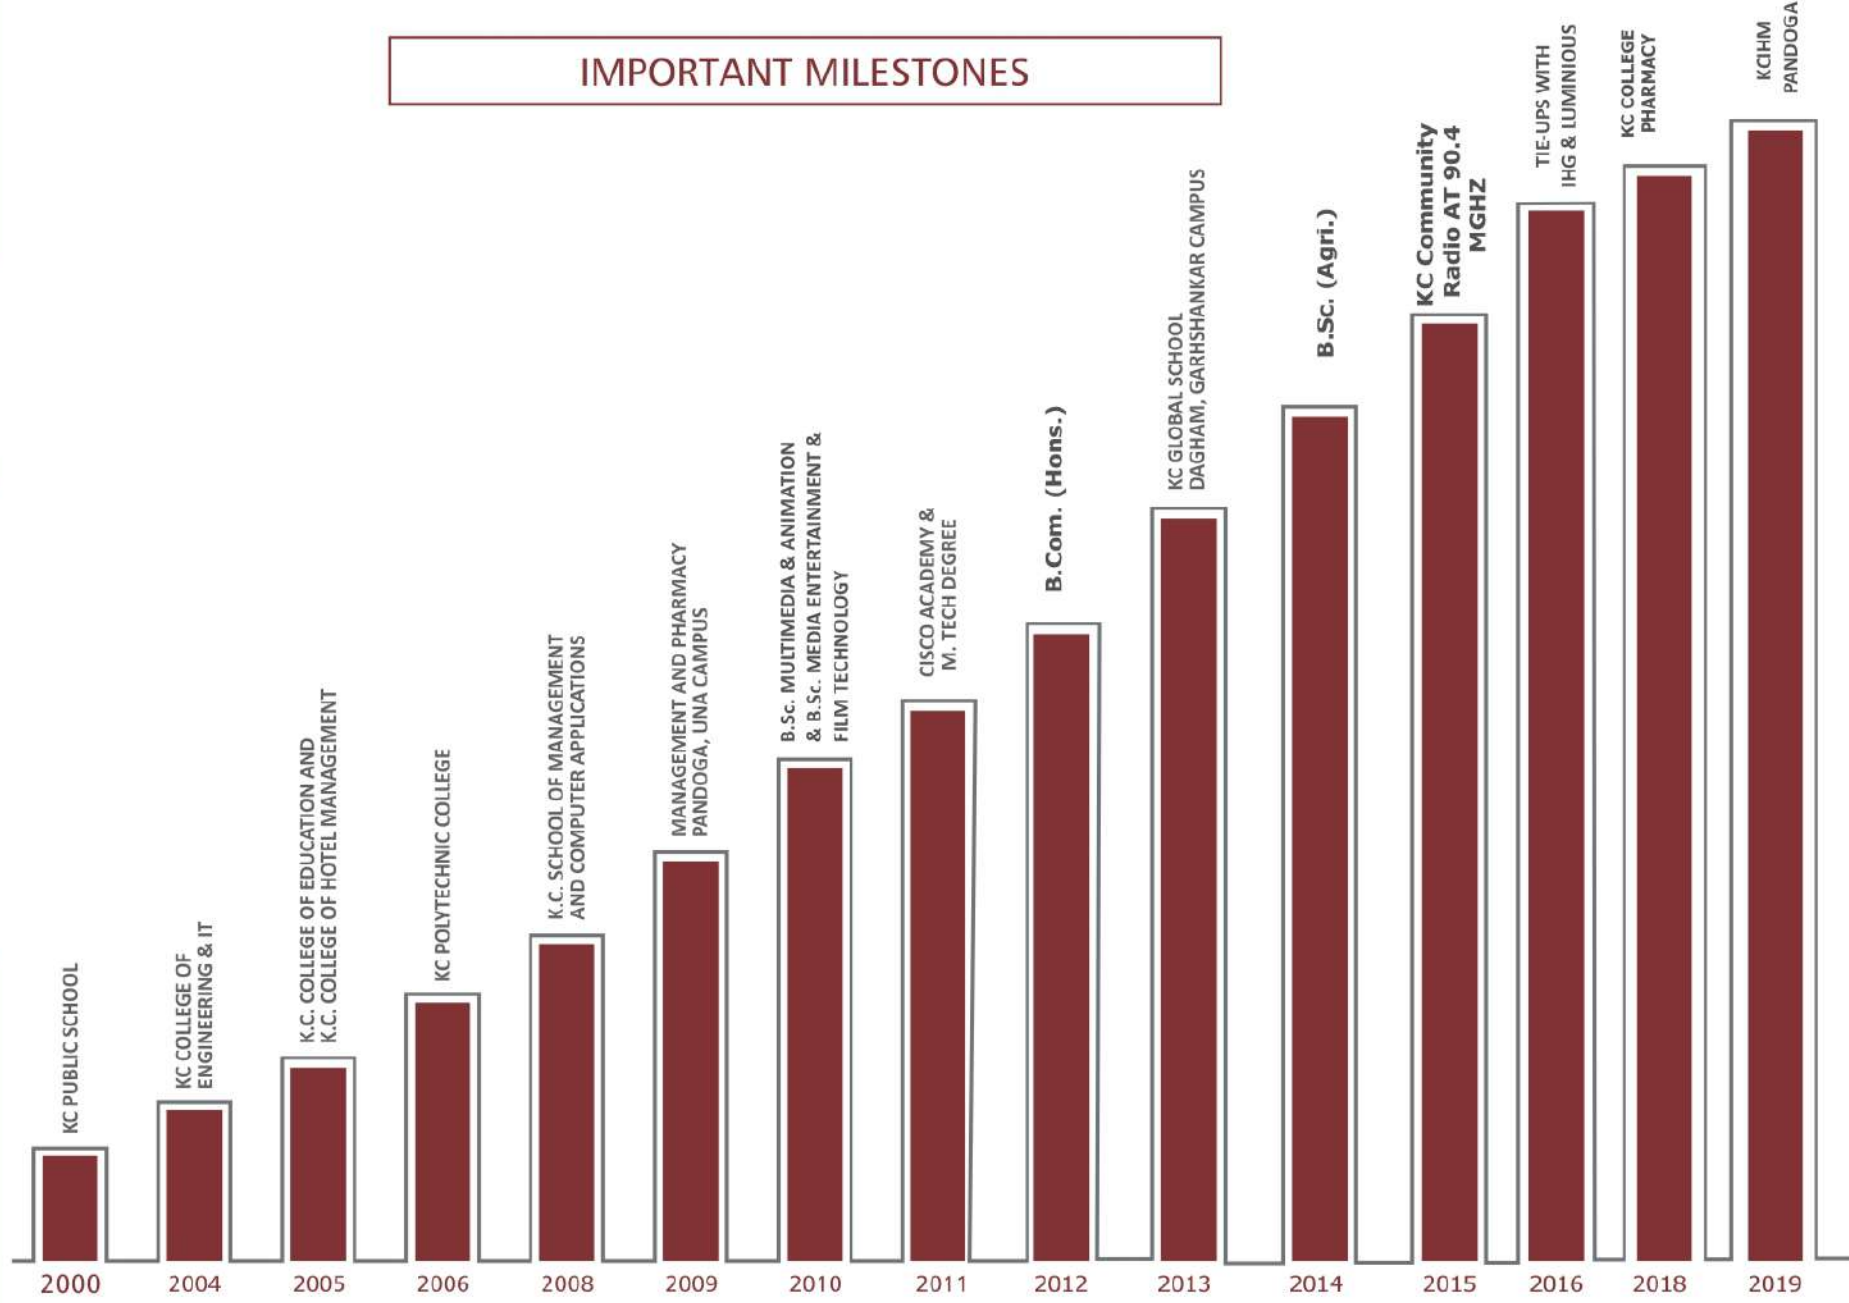

2015 - To serve the community of Nawanshahr and people around, KCGI has reached on final stage of getting approval of **Community Radio Station**.

2016- Tie up with **IHG & Luminious** to ensure bright future of our students through best placement opportunities.

2018 - To cater to the demand of aspirants new courses added are AICTE and PCI approved **D-Pharmacy & B-Pharmacy**.

2019 - KC Institute of Hotel Management affiliated to HPTU, Hamirpur (HP) has been added to Pandoga Campus.

17. In-house Medical Facility.

OUR VENTURES

KC Group is a well established and recognized name in the field of Education, Hospitality & Real Estate. With the KC Group of Institutions and a number of hotels under its banner the KC Group has marched through Northern India with pride since 1999. Other fields that the KC Group has ventured into are:

LAND AND FINANCE

KC Land and Finance - We present the KC homes - a cluster of luxury apartments **KC Homes** – For the Legacy Living, ideally situated in Sec 91, SAS Nagar, Mohali, that will enable anybody to realize your home of dreams.

KC MAXX

To enjoy royal shopping with fun & frolic the KC Group presents a hi-tech multiplex **KC MAXX** in Ludhiana & Jalandhar region in 28790 square feet with world-class features like hypermarket, anchor store, food court, entertainment, restaurants, hotel spa & a coffee shop.

HOTELS AND RESORTS

Bringing laurels in the field of Hotels with **KC Cross Road** (Panchkula), **KC Residency** (Chandigarh) & **KC Holiday Inn** 5 Star Hotel at Panchkula. The KC Group launching KC Resort at Kasauli, loaded with innumerable facilities and features to tingle your nerves & 4 Star Hotel at Industrial Area, Chandigarh.

OUR PRESTIGIOUS RECRUITERS

KC COLLEGE OF ENGINEERING & IT

NAWANSHAHR CAMPUS

Prof (Dr) V. K. Joshi
Principal

KC College of Engineering & IT, Nawanshahr Campus

Message from Principal

K.C. College of Engineering & Information Technology (KCCEIT), Nawanshahr established in 2004, was set up under the aegis of K.C.G.I. Trust, devoted to the cause of rural education to meet the growing demand for technical and professional manpower and industries. We are proud that this institution has consistently maintained its tradition of excellence in the field of technical education till date. The college has attained ISO 9001:2015 Certification and UG/PG programs are affiliated to IKG PTU & approved by AICTE New Delhi. KCCEIT is offering B.Tech courses in Civil Engineering, Computer Science & Engineering, Electrical Engineering, Mechanical Engineering & PG course in MBA.

The college believes in strong industry institution collaboration for which the placement and consultancy cell has been established in the college works hardly by sharing its expertise with industry.

The Training and the Placement Cell is dynamic and immaculate in discharging its duties. MNCs and Indian Corporate giants visit the college, and the caliber of the students leave them spellbound. Consequently, the placement graph has risen manifold. The proud alumni of KCCEIT are serving in National, International & Government Organisations. Majority of the academic and non academic work of the institution is online. Hassle free information access and quality education are the hallmark of the college.

Holistic development of the personality of each and every student is stressed upon and taken care of by college Sports, cultural and other extra-curricular activities nurture and hone up the talent of the students. Our students are the proud achievers in academy sports & extra curriculum activities at University and Inter-University level. The college has state of the art hostel facilities for boys & girls.

The Management is highly supportive and motivator for the all-round growth & development of the students. Management maintains cordial and harmonious relationship with its employees student. I take this opportunity to welcome all new students from the core of my heart, and assure their parents that the college will further register tremendous progress on all fronts with its sincere, dedicated & progressive efforts.

Why Study Engineering & IT?

Becoming an engineer enables you to solve problems that make a world around you better. Engineering and technology may not be the easiest area of study but there are subjects that continue to be in demand due to rapid change in technology. Within the wide boundaries of Engineering profession, there are thousands of challenging activities in areas such as research development, design, manufacture and operation of products and services. Activities which provide stimulating intellectual challenges with diverse and varied tasks, inevitably involving deadlines and all added to the satisfaction of real output or delivery.

What does the course cover?

This course has been designed to give you well developed skills in engineering. Your choices in engineering, grouped into the majors are Electrical Engineering, Mechanical Engineering, Computer Science & Engineering, and Civil Engineering.

How will you be taught and assessed?

The program is divided into two levels. Classroom activities consist of lectures, demonstrations, audio visual presentations and exercises that provide practical working knowledge. Industrial tours, extensive workshop and laboratory experience are provided to reinforce theoretical concepts, develop manual skills and familiarity with engineering techniques.

What is remarkable about course?

In the complex, competitive world of technology driven industry, skilled Engineers who understand the essential principles of Engineering and Management have a tremendous competitive advantage. Our programs are meeting the demand for such professionals and are distinctive among engineering programs in their integration of Engineering and Technology.

What career could I consider?

Demand for good Engineers is high, in practically every country in the world .The shape of the world has been credited to the advancements in Science and Technology. The Engineering field has been the major contributory factor towards achieving the scientific marvels of today. Engineers work with structures, tools, machines, metals, chemicals and various different materials and use their alertness of mind and creativity to innovate new things or bring modifications to already existing ones.

Engineering is not so much a career as an expertise, which opens doors into a vast range of jobs. Engineers probably have a wider choice of the environment in which to work, and of type of job than any other profession.

Why Study Management?

An MBA – Masters in Business Administration – is an intense, Post Graduate training course that prepares you for the business world at a senior level. There are many reasons why people study for an MBA. These include personal development, promotion or career and gaining a recognized qualification. People who undertake an MBA degree for personal development reasons want to acquire critical knowledge which they can apply in their workplace and which will help them to manage their work more effectively in an increasingly complex and changing environment. These are the skills needed by accountants, executives, engineers, nurses, lawyers, technicians, scientists, school teachers and others as they are promoted within their organization.

What does the course cover?

Whilst studying this course, student will acquire a wide range of business and management skills aligned to national occupational standards. The course provides you with an understanding of the latest management techniques and theories with a strong enterprise theme running throughout. You will also study factors that influence organizational success and how companies and organizations can influence those factors through their own behavior and policies.

You will examine the techniques employed by successful organization and use case studies to identify different approaches and strategies which can be used to improve business performance. Central to this course is the belief that the successful management is about understanding people and the environment they work in. Skills desirable to employers and a holistic understanding of what it takes to manage are learnt alongside the development of a strategic approach to analyze the factors affecting the functioning of organizations.

KC SCHOOL OF MANAGEMENT AND COMPUTER APPLICATIONS

NAWANSHAHR CAMPUS

Dr. Rashmi Gujrati
Principal

KC School of Management & Computer Applications, Nawanshahr Campus

Message from Principal

Dear Students,

You are about to take a major decision in your life; the choice of profession to follow and the choice of college that ensures your entry and meaningful progression in the profession. Your ability to meet the challenges successfully in your life depends upon this decision. I assure you that your decision to choose your course at KCSMCA, Nawanshahr, is the right choice.

Leadership is defined as converting an adverse situation into a favourable one at the earliest and with the minimum resources and efforts. When this is done in business, it is called successful Business Management. This is what we teach our students at KCSMCA studying BBA, BCA, B.Com. (Hons.), B.Sc. Agriculture, B.Sc. (MEFT), B.Sc. (A&MT).

Sighting the opportunities in the horizon, choosing the best option to achieve them and capturing them are the traits of business leadership. This is what we equip our students with at KCSMCA and make them all rounders and thorough Professionals.

Your decision to join KCSMCA itself is an assurance of your success in life and we welcome you to an experience and exposure that you will value throughout your life.

Dr. Rashmi Gujrati
Principal

KC SCHOOL OF MANAGEMENT AND COMPUTER APPLICATIONS

6	B. Sc. (Agriculture)	4 Years	60	All those candidates who have passed At least 50% Marks in 10+2 with Science Subject (Medical or Non-Medical)	
7	BCA (Lateral Entry)	2 Years	12	All those candidates who have passes Matriculation examination AND have also passed three year Diploma in Computer Science Engineering / Information Technology Trade from any recognized State Board of Technical Education.	

Why Study Management ?

BBA: This course focuses on management skills which are applicable to a range of business in the public, private and voluntary sectors. A work placement module gives you an essential experience in an area of business that is of great interest to you. Integrating academic understanding into real world scenario is a fundamental aspect of this course.

HOW WILL BE I TAUGHT AND ASSESSED?

The course is taught by blend of lectures, seminars and individual tutorials. Assessment is by combination of course work, examinations, presentations and case studies.

WHAT CAREER COULD I CONSIDER AFTER STUDYING MANAGEMENT?

You will have a broad range of business and management skills enabling you to developing your career in a range of areas including marketing, finance or human resources.

Why Study Computer Application?

BCA: BCA provides understanding and skills related to the use of computer and its applications. This enables the full competency in the students to enable to handle the process related to computer and information technology. The program is customized for students who wish to make their mark in the field of computers.

Why Study Commerce?

B.COM (Hons.): This degree is designed to provide students with a wide range of managerial skills. The students are exposed to general business principles and are educated about accounting, economics and qualitative skills. Special emphasis on computer in this degree makes student very comfortable at handling accounts and finance using latest technical know-how about computers and its software.

Why Study Agriculture

Punjab is known for Agriculture as it is contributing maximum share of grain, pulses or vegetables in the food bowl of the country. In spite of this huge contribution and hard work, farmer of Punjab is not satisfied with his earning. Major reason behind this is the lack of knowledge and ignorance for agricultural technicalities amongst the farmer community. Concentrating on this demand of the hour, KC Group of Institutions is offering B.Sc- Agriculture degree course which enrich the students with technicalities of agriculture and guide them on the way of becoming successful farmer.

Why Study Animation & Multimedia

The Bachelor of Animation & Multimedia studies will help you turn your creative Ambitions into a professional career. The rapid advancement of technology has made digital animation available to the masses and the animation Industries is one of the fastest growing industries today. The demand for digital animated content has expanded with the development and innovation of global technologies. This phenomenon can be seen by the influx of channels of cable and satellite digital television along with the growing popularity of the internet.

Why study Media, Entertainment & Film Technology ?

Media Entertainment & Film Technology : This programme will qualify you as a perfect media journalist with a specialty in either Print Media, Electronic Media or Digital Media or you can undertake a broad-based blend of these options. The programme focus is dedicated to the development of your own creativity and the acquisition of applicable expertise in vision, sound & multimedia technologies. The programme also gives you the opportunities of work with clients on real projects, ensuring you are work-ready after graduation.

How will you be taught and assessed?

This programme combines new media technology with creative arts and will equip you with the knowledge and skills to work on cutting edge solutions for technical and creative projects. Based on a designed studio approach using sound studio and multimedia laboratories you will be benefitted from industry-relevant courses with real-world experiences balanced by academic study. You will be confident to work individually and in collaborative teams to be able to create and apply digital content for communication, education and entertainment.

KC POLYTECHNIC COLLEGE

NAWANSHAHR CAMPUS

Prof. Rajinder Kumar Moom
Principal

KC Polytechnic College, Nawanshahr Campus

Message from Principal

Dear Students,

I take the immense pleasure and pride in heading this prestigious polytechnic college of KC Group of Institutions on the path of glorious success in the present movement of providing technical education to the largest number of students in rural as well as urban areas. I joined this college in NOV, 2013 after serving as dean Academics & M.TECH . CO-coordinator in KC College of Engineering and Information Technology Nawanshahr .

A decent education is a passport to good , comfortable and secured life .It enables youngsters to become contributing members of society through knowledge ,skills and character development .

To achieve this, the management has provided all infrastructure facilities required for quality education . The institution has spacious classrooms, fully equipped laboratories, workshops , computer Labs and drawing halls . Library transactions are computerized and it is stacked with the latest edition of books, magazines and journals .

Along with sports , other co-curricular and extracurricular activities , short-terms and value added courses are imparted to the students during the period of vacation . The institute has a placement cell which interacts with leading industries, arranges campus interviews and offers ample job opportunities to the students of all disciplines . Besides bestowing engineering knowledge, great emphasis is laid on character building and discipline among the students .

K.C polytechnic is working efficiently to achieve proficiency in technical education .

I welcome all the future engineers and I would also appreciate you for choosing KC polytechnic college to shape your career .

My best wishes are with you and I wish that your career grows by leaps and bounds.

Prof. Rajinder Kumar Moom
Principal

ACADEMIC PROGRAMME AT KC POLYTECHNIC COLLEGE NAWANSHAHR

Sr. No.	Discipline	Course Duration	Sanctioned Intake	Eligibility	Approval of Affiliating Body
1	Mechanical Engineering	3 Years	120	Matric Passout (With English, Maths & Science) ITI/10+2 students (Non. Medical & Vocational Group) can directly take admission in second year.	Affiliated to PSBTE & IT Chandigarh and Approved by AICTE
2	Computer Engineering		120		
3	Automobile Engineering		60		
4	Civil Engineering		120		
5	Electrical Engineering		60		

Why Study Polytechnic?

Polytechnic deals with the technical aspects of engineering studies. Hence Polytechnic education can be termed as a branch of engineering that derives resources from the main streams of engineering and lays tremendous emphasis on learning which is based on extensive practice as opposed to theoretical learning.

What does this course covers?

The courses offered are designed to provide rewarding careers for the student. A wide Range of Courses are offered under polytechnic like Computer Engineering, Mechanical Engineering, Civil Engineering, Electrical Engineering and Automobile Engineering.

How will you be taught & assessed?

Work Attachment is included as part of the practical curriculum. This serves the purpose of rendering the students with on-job experiences while they are still learning. Polytechnic institutions function at different levels of education domain, imparting higher technical education for the benefit of technological growth. These institutes for Technical Education are found in aplenty across the length and breadth of India.

What is remarkable about this course?

Polytechnic trains the students on the latest IT and technical developments; the college's own communication infrastructure is meeting the demand of modern education. The courses offered by Polytechnic College help an individual kick-start his/her career. Polytechnic is that course in higher education field which has unlimited opportunities and has glorious future in professional career.

What Career could I consider?

Polytechnic offers a variety of professional courses in technical field. The Polytechnic provides various career courses and allows a person to start his own business or get a decent job at a reputed place. So It will not be an understatement if you tag polytechnic as one of the sought after fields of scientific studies.

KC INSTITUTE OF HOTEL MANAGEMENT
NAWANSHAHR CAMPUS

Prof. Baljit Kaur
Principal

KC Institute of Hotel Management, Nawanshahr Campus

Message from Principal

Dear Students,

You are about to make a decision to choose KCIHM to further your career. If you are the one who enjoys working with people and fond of traveling then Hospitality and Tourism industry is the best career choice for you.

Hospitality and Tourism industries are on exponential growth. It is estimated that by the year 2020, about 10.4% jobs of total employment in India will be generated directly or indirectly by the Hospitality and Tourism Sector. No other industry offers career benefits and payment packages as lucrative as these industries.

Hospitality and Tourism management is a profession that requires a diverse range of knowledge and skills. At KCIHM, the students are exposed to the various aspects of hospitality & Tourism industry like Food & Beverage Service, Food Production, Front Office, Housekeeping, Purchase, Marketing, Law & Management, Personality development and public speaking in order to prepare them for a hospitality industry. You also get a chance to learn French so that you are fully prepared for a multi Lingual World. Also, the students are exposed to the various aspects of Hospitality industry like basic hospitality, techniques personal grooming, customer care etc. to enhance the overall knowledge & personality.

We are offering job oriented UG Degree & Certificate course in Hospitality and Tourism Management.

I look forward to welcome you to this Environment that is KCIHM.

Prof. Baljit Kaur
Principal

KC INSTITUTE OF HOTEL MANAGEMENT

Courses Offered	Duration of Course	Sanctioned Intake	Affiliating Body	Eligibility
Bachelor of Hotel Management & Catering Technology	4 Years	180	IKG Punjab Technical University	10+2 in (Any Stream)

KC INSTITUTE OF HOSPITALITY & CULINARY ARTS

Certificate Course in Food Production	1½ Years	60	American Hospitality & Lodging Educational Institute, USA	10th Pass
---------------------------------------	----------	----	---	-----------

KC COLLEGE OF HOTEL MANAGEMENT

Bachelor of Hotel Management & Catering Technology	4 Years	60	IKG Punjab Technical University and Approved by AICTE	10+2 (Any Stream)
--	---------	----	---	-------------------

Why Study Hotel Management?

Hotel management is the academic study of the hospitality industry. Hospitality management studies provides a focus on management of hospitality operations including hotels, restaurants, cruise ships, amusement parks, destination marketing organizations, convention centers, country clubs, and related industries. The hospitality industry is one of the world's most dynamic industries and continues to grow year after year.

What does the course cover?

Classes in Hospitality Management includes Principal of Management, Leadership and Quality Management in Hospitality, Hospitality Accounting, Marketing Hospitality Services, Strategic Planning in the Hospitality Industry, Hotel Management, Restaurant Operations, Gaming Operations and more. Theory and practical classes are balanced out with group projects and case studies, in an attempt to create a team player as well as a professional with leadership skills. All aspects of the hospitality industry including hotel and lodging, restaurant and food services, recreation, gaming and meeting and convention planning are often covered in early classes and students specialize later.

How will I be taught and assessed ?

Students are exposed to the various departments of Hotel Operations like Front Office, Food Production, F&B Service, House Keeping, Purchase and Marketing etc. The lessons are delivered through multimedia presentation, video, group discussion to help student understand the topics better. The final

assessments are done on the basis of written examinations, assignments and presentations of each subject. Students must demonstrate Competence in each assessment to successfully complete the subject.

What is remarkable about course?

The World Tourism organisation predicts that Hospitality Industry will be triple in size by the year 2020, becoming one of the largest industries in the world. This growth will provide many employment opportunities for people with the right qualification.

What career could I consider?

With increasing globalization, career opportunities in hotel management field are not only limited within the country but there are several chains of hotels which operate internationally providing scope of a career abroad. A career in the hospitality industry includes opportunities in many different areas including, events (sporting, cultural, concerts, exhibitions, etc.) conferences, banqueting, theme parks and attractions, restaurants, catering, resorts (golf, ski, beach, spa, etc.) airlines and cruise lines and many more service-related industries. The skills learned under hotel management are applicable not just in hotel management, but to an entire industry of hospitality and tourism-related businesses.

KC COLLEGE OF PHARMACY

NAWANSHAHR CAMPUS

Dr. Anil Midha
Principal

Message from Principal

Dears Students,

Welcome to the KC College of pharmacy (KCCP) which was established in the year 2018 under the dynamic leadership of Shri. Prem Pal Gandhi, chairman, KC Welfare society, Nawanshahr Punjab.

Pharmaceutical field is evolving day by day and contributing more and more to the well being of the society.

India has a vast and growing pharmaceutical industry. Increasing number of hospitals, nursing homes and pharmaceuticals companies all over the country which indicates the growing scope and the jobs in this field. There are varied career options to choose after completing your D. Pharma or B. Pharma:

There is ample scope of research for the pharmacy professional in India and abroad. Bioinformatics and Medical Transcription are coming out to be the two best options for job opportunity and career advancement for the pharmaceutical professionals. There is huge scope for pharmaceutical professionals in pharmaceutical industry.

By keeping this in view our aim is not only to produce pharmacy graduates but also develop competent technocrats who are socially sensitive and committed to the profession. I feel proud to be a part of KCCP, and keen to work with a dynamic team.

I hope you will be one of those fortunate students who get an admission to our college and I assure you that, your life in this college will be academically fruitful and pleasant.

Dr. Anil Midha
Principal

KC College of Pharmacy

COURSES	SEATS	ELIGIBILITY	AFFILIATED & APPROVED
B Pharmacy	60	10+2 Science (Medical or Non Medical) 50% for General & 45% for SC/ST	Affiliated to IKG PTU Approved by PCI & AICTE New Delhi
D Pharmacy	60	10+2 Science (Medical or Non Medical)	Affiliated to PSBTE & IT Chandigarh & Approved by PCI & AICTE New Delhi

Why Study Pharmacy?

Pharmacy is a highly trusted profession and a vital part of the health care system. A pharmacy professional can have a direct impact on people's lives and health. A career in pharmacy offers you diverse opportunities and excellent earning potential. The ultimate goal of a pharmacy professional is to improve an individual's quality of life. The study of pharmacy prepares you for such a life-long commitment.

What does the course cover ?

In pharmacy course, would be pharmacists learn everything about how medication is developed, produced analysed, stored and used. They learn how to get ingredients from plants and how to create them artificially. They put together whole drugs and specify their quality and effect. Later on they can use this knowledge to advice customers, make medication themselves, provide information about side effects and find out how they react to other medications.

How will you be taught and assessed ?

This course aims to ensure that you learn to think in a critical and reflective manner, providing teaching and assessment methods, which enhance awareness of the practical relevance of the subject . The course will provide a sound education and training, both theoretical and practical enabling students to appreciate and apply new knowledge and technology to the benefit of patients and the future development of pharmacy.

What is remarkable about this course ?

The B.Pharma course allows you to study a wide range of subjects which integrate science and healthcare. It also teaches and develops your skills and knowledge of practice and patient care , helping you to prepare for your professional career and play a key role in the healthcare of the nation.

What career could I consider ?

Pharmacy , the health profession concerned with knowledge about drugs and their effects , draws from the chemicals , physical , biological and behavioral science. It offers diverse opportunities in India and around the world. Pharmacists may practice in a community or hospital pharmacy, a nursing home or extended care facility, pharmaceutical industry ,biotechnology industry and other private or public companies, government agencies, a college, or many other venues. Not only are pharmacy graduates among America's best paid and most respected professional, but health care trends make pharmacy a nearly recession proof career choice

KC COLLEGE OF EDUCATION

NAWANSHAHR CAMPUS

Mrs. Kuljinder Kaur
Principal

KC College Of Education, Nawanshahr Campus

Message from Principal

Quality of a nation depends upon the Quality of its citizens and particularly on its teachers. A positive favorable attitude of teachers makes the work not only easier but also more satisfying and professionally rewarding.

Globalization has thrown up new challenges for us to produce quality teachers. Now, the world is said to be 'global village'. In this context, K.C. Social Welfare Trust brought quality education within the reach of the needy and deserving students are praiseworthy and commendable. The core objective of this trust is to bridge the educational gap between rural and urban areas.

Our worthy Chairman, Sh. Prem Pal Gandhi Ji made the education sector possible and comfortable for the residents of Nawanshahr as well as surrounding areas. He gradually shifted the education to the semi urban and rural like other metro cities. K.C College of Education is a ground where we have tested the life skills with achievements of students. Life skills influence the attitude of a person. Personality development of an individual has a positive correlation with the life skills acquired by them.

Let us hope and pray to God that our worthy Chairman not only sustain but expand the laudable work of his father's dreams in the education sector.

Once again, I congratulate the new comers now they are a part of KC College of Education Nawanshahr. Dear students, you will gain loads of Knowledge and skills from the skilled faculty of this institute.

Best of luck for future

Mrs. Kuljinder Kaur

KC GROUP OF SCHOOLS

KC GROUP OF SCHOOLS

Introduction:

1. KC Public Schools Nawanshahr, Pandoga, KC Global School Dagham have been established under the patronage of Shri Prem Pal Gandhi & forming part of the KC Group of Institutions with its headquarters at Nawanshahr (Pb).
KC Public School Nawanshahr is situated on Karyam Road about 1.1 Km from Nawanshahr Railway Station & is spread over 8 acres of lush green land in a serene, pleasant and pollution free environment.
2. KC Global School Dagham is situated at Garhshankar Banga Road in village Dagham (Pb) & spread over 6 acres land approx. Marley 6 Km from Garhshankar & about 18 Kms from Nawanshahr (Pb).
3. KC Public School, Pandoga (HP) is on Una Hoshiarpur Road at village Pandoga spread over 8 Acres of land at the Pandoga Campus.
4. These KC Schools are co-educational day boarding Schools with separate well-furnished hostel for Boys & Girls in their premises. The schools are affiliated to Central Board of Secondary Education New Delhi.
5. KC Public School is part of the KC Group of Institutions Nawanshahr run by KC Social Welfare Trust (Regd), Nawanshahr. KC Public School at Pandoga Campus is also forming part of KCGI, Nawanshahr run by KC Educational Society.
The trust & Society have been established with the basic objective of providing the best education to students from different section of society so that they can play a pivot role in making India a strong and self-reliant Country. Keeping this maxim, the Group established institutions at Nawanshahr, Punjab & Pandoga, Himachal Pradesh.

Aim & Objective

6. The institutions aim to provide complete education for holistic development of students to attain the classical ideal of education of developing individual qualities in an individual thereby developing a balanced personality. Efforts are directed to give an educational environment by means of which students can deal critically & creatively with reality in order to participate in the transformation of their world, which is not possible if the ethos of institution is limited to purely utilitarian role of education of producing trained manpower for the competitive world. The objective is to produce winners – winners not those who make someone lose, but those who win against their own limitations, their own failures. This is achieved by exposing them to varied activities & situations.
7. The limitations provide a broad balanced curriculum which ensures the healthy spiritual, moral, cultural, mental and physical development of each student and to provide a happy, secure and friendly environment in which this can be implemented.
8. To ensure that our pupils strive their potential and are provided with necessary skills to accept the opportunities and responsibilities which will be presented to them in their future lives.
9. To help students contribute fully & effectively to the community in which they live local, regional, national & global.

Dr. Saroj Sharma
Campus Director

KC Group of Institutions Pandoga, Una Campus

Message from Campus Director

Dear Aspirant,

I welcome you on behalf of the KC Group of Institutions, Pandoga where we provide an academic ambience, innovative pedagogy of global significance and we prepare our students to succeed in a highly competitive professional environment to make them capable of delivering despite unforeseen challenges of a highly competitive world.

KC Group of Institutions was established in 2009 with its objective to serve the society by delivering quality education to the students and transforming them into employable managers, technocrats, bureaucrats and above all good citizens of India. The Group comprises of KC Institute of Engineering & Technology, KC Institute of Management, KC Polytechnic, KC Institute of Pharmaceutical Sciences & KC Public School. All Institutes have got the best infrastructure and are in the process of adding more facilities to meet the challenges of 21st Century. The Institutions are approved by AICTE, Govt. of India, New Delhi, State Govt. of Himachal Pradesh and affiliated to HP Technical University, Hamirpur, HP Takniki Shiksha Board, Dharamshala.

Our experienced faculty members follow a well-defined teaching – learning process to guide and motivate the students to gain the technical and soft skill excellence along with personality traits and ethical practices as per the needs of the industry and society. Students are always encouraged to develop an entrepreneurial spirit in their personality so that they spot opportunities, mobilize resources and develop innovative solutions to the critical problems of today

I invite all the students to be a part of this wonderful journey with KC Group of Institutions, Pandoga. I wish you all success and look forward to a wonderful experience with you.

With best wishes
Dr. Saroj Sharma
Director

KC INSTITUTE OF ENGINEERING AND TECHNOLOGY

UNA CAMPUS

Dr. Lakhwinder Pal Singh
Principal,

KC Institute of Engineering & Technology, Pandoga, Una Campus

Message from Principal

Dear Students,

It's my pleasure to welcome you to the K. C. Group of Research and Professional Institutes, Pandoga, Una, H.P. The Technical education determines the development and socio-economic status of a nation. There is, therefore, a great need for high quality technical education to produce technically and professionally skilled manpower in India. Institutions that rely more on knowledge embedded skills and models, provide better methods and approaches for learning. K.C. Institute of Engineering and Technology was established as a part of the integrated campus of K.C. Educational & Social Welfare Society's Group of Research & Professional Institutes, Pandoga, It was established with noble vision of imparting quality technical education to the backward regions of Himachal Pradesh in general and Distt. Una in particular. The Institute is approved by AICTE New Delhi and Himachal Pradesh Govt. and is affiliated to Himachal Pradesh Technical University, Hamirpur. The environment of learning in the campus makes our students, necessary ingredient for building technically strong community, ethically and morally rich and responsible citizen with compassionate human values. While the academic studies are the central pillar of the Institution, we also strongly encourage the involvement of our students in many and varied extra-curricular activities. The exemplary infrastructural facilities, the team of highly qualified, experienced and dedicated faculty, well disciplined atmosphere in the campus will surely take the students to enviable heights in their capabilities and achievements. KCGR&PI has also established strong Industry links, many major companies, MNCs and corporate houses are engaged in training, development and placement activities with the Institutes. The Management and Faculty are committed to continually improve and deliver competitive quality technical education to the utmost satisfaction of students, their parents and the potential employers. I feel greatly privileged to invite students and their parents to our campus and experience the difference with new breed of budding engineers of tomorrow.

With Best Wishes

Dr. Lakhwinder Pal Singh

KC INSTITUTE OF MANAGEMENT

UNA CAMPUS

Dr. Gurdev Singh Thakur
Principal, KCIM

KC Institute of Management, Pandoga, Una Campus

Message from Principal

Dear aspirant,

Welcome to KCIM- Pandoga (Una)

Era of Internet and Information Technology Enabled Services (ITES) has transformed the world into a small village format where every human needs to be embedded with knowledge through education and training that is world class in content and construct validity. KC Institute of Management (KCIM)-Pandoga is one of the paramount key Wing of KC Group of Institutions Pandoga (Una) imparting quality education and training through courses viz. **Master in Business Administration (MBA), Bachelor of Business Administration (BBA) and Bachelor of Computer Application (BCA)** affiliated to **Himachal Pradesh University– Shimla** and **Himachal Pradesh Technical University– Hamirpur**.

Ultra modern pedagogical techniques are applied to nourish and nurture stream knowledge with profound stress on practical's, industrial exposure, group discussions, industry expert interactive sessions, case writing, case studies, Personality Development Programmes (PDP) etc. The best possible attempts are executed and practiced to get our Post Graduate (PG) and Under Graduate students placed in the corporate/industrial houses.

Additionally, worth quoting that Faculty Members are put on roll after a number of screening tests and Faculty Development Programmes (FDP) are conducted on frequent basis to keep our faculty members updated with current academic & allied research and affairs. Well equipped Computer Lab and library with digital access through Delnet round the clock is available to access National and International Journals. Sports and Extra-curricular activities are organized throughout the year to enhance students' aptitude towards cultural interests and creativity in various knowledge domains. This all makes KCIM Pandoga (Una) an abode of learning.

I assure cordial platform for learning and leading the world.

Best Wishes,

Dr. Gurdev Singh Thakur

Message from Principal

Dear Students,

If the mere mention of the word Hotel mesmerizes up exciting thoughts in your mind such as: a busy lobby filled with international dignitaries or close interaction with international celebrities and large receptions. If you get excited on the thought of visiting beautiful places of the world, traveling on cruise ships, tasting exotic delicacies of the world and learning different cuisines then I must tell you hospitality industry is waiting for you. I say this because this is the industry where you will have all this forever in your career.

As you begin to grasp the basics of the core departments you will learn about the various options that are available to you and the liberty you have to choose your future according to your strengths, capabilities and interests.

We welcome you to KC Institute of Hotel Management, Pandoga and congratulate you for choosing a career that is full of worldwide opportunities.

We look forward to teach you, mentor you in your journey of becoming a thorough professional and a Master of craft in the profession you have chosen.

Dear Students,

KC Polytechnic is one of the leading Institute which has taken a leap forward in the quality technical education. Showing excellence in academic activities which is evident from the outstanding results.

We aim to develop our Institute as center of academic excellence in the field of engineering and technology. All the efforts are focused towards fulfillment of vision and mission. We have introduced “mentoring scheme” for the group of twenty students with the motto of resolving academic as well as personal problems of the students. Apart from innovative method, students are well trained through vast experience and knowledge of our Lecturers.

The mentor guides and inspires them for achieving academic and overall personality development.

We aspire to attain the objective of creating individuals who are responsible, disciplined and independent to make right choice. KC Polytechnic plays vital role in creating better citizen which is essential to be imbibed in future engineers.

Wishing you all success and bright future.

CAMPUS FACILITIES

HOSTEL

The College has magnificently designed separate hostels for boys and girls each with all facilities like, Security, Wi-Fi, Newspaper & TV room and Indoor games like carom board, chess, table tennis are provided within the hostels. The hostels have their own mess to provide good and hygienic food to the students.

COMPUTER LABS

The Institute has excellent Computer Labs. It allows the Students / Faculty to cope with latest information and technology. The Centre also facilitates the access to Springer link (E- Journal) Journal to share the Knowledge in latest research areas for researcher.

HEALTH CARE CENTRE

A Health Care Centre is located in the college campus and students living in campus can come for treatment. Even students, who do not live in the campus, can use the centre for emergency treatment. The clinic offers basic health care and provides emergency medicine.

ELECTRICITY & WATER FACILITIES

KC Colleges has a complete in house facility to provide its students and staff with uninterrupted water and electricity supply round the clock. High powered back up is also available in case of power failure for both institutes and hostels. All floors of the college as well as hostel are fitted with water purifier system to provide safe and clean drinking water.

BANK ATM

To facilitate the banking facility for the student as well as faculty staff and other college family members, we have the 24 hours ATM facility in the college premises.

LIBRARY

The college has a well-established library which caters to the need of the undergraduate and post graduate students, research scholars and the faculty. The library functions on an open access system for the faculty members and the research scholars. But the students have only a limited access. The library remains open from morning till night on all working days.

The college library has a collection of about 60000 books and 10000 bound volumes of journals. It subscribes to about 100 international journals in various disciplines of science, engineering and humanities. Services such as lending of books and journals, reading room, reprographic facilities and bibliographic reference and information are rendered by the library.

Wi-Fi CAMPUS

21st Century belongs to "Era of Web Information" as Internet plays backbone for every aspect of life. Understanding the need & importance of Internet in the field of education the KC College campus is supported by round the clock wireless connectivity which covers each and every corner of the campus including hostels (boys/girls) with the help of which the students can access online information anywhere in and around the campus using their Laptops even after the normal college hours.

GYMNASIUM

KC College has a fully equipped gym with hi-tech equipments for use of its students and members of staff under the guidance of a trained instructor. Students are encouraged to make full use of them after a strenuous day.

SPORTS ACTIVITIES

The Students are very enthusiastic about sports. There is a sports wings in the college. Apart from Annual Sports meet, the Students have been participating regularly in sports activities outside and inside the college. Since its inception the college has earned several accolades in Sports. In 2013 , College Cricket Team, Table Tennis Team and Football Team have shown excellence. College Cricket Team made its presence felt in PTU Inter College Cricket Tournament by winning zonal level Tournament.

The College has a big playground to hold sports activities. The college provides facilities for various games and sports with expert coaches in Judo, Volley-Ball, Soft-Ball, Table-Tennis, Badminton, Kabbaddi, Chess, Yoga, Athletics, Kho-Kho, Basketball, Swimming, Cross Country Race, Wrestling, Power Lifting, Shooting & Baseball. Interested students can achieve excellence in sports and pursue them as a career. The college attracts not only state-level players but national-level players also. Throughout the year students participate in many events at inter college, State and All India University National Level etc. and bring glory to the college.

RAGGING – JUST SAY NO!

Ragging is the name given to criminal activities, which take place inside educational institutions in India. It is a systemized form of Human Rights abuse in educational institutions. Ragging is different from other crimes because the motive is solely to get perverse pleasure. Ragging in any form, harassing, torturing & intimidating new students is strictly banned in the College. Students found indulging in such activities will be expelled from the College & FIR lodged against them with the police if required.

Hon'ble Supreme Court of India defines ragging as :

Any disorderly conduct whether by words spoken or written.

An act, which has the effect of teasing, treating or handling with rudeness any other student.

Indulging in rowdy or indiscipline activities which cause or likely to cause annoyance, hardship or psychological harm to fellow students.

To raise fear or apprehension in a fresher or a junior students.

Asking the students to do any act or perform something which such student will not do in the ordinary course which generates shame or embarrassment so as to adversely affect the psyche of a fresher or a junior student.

Showing off power, authority or superiority by the seniors over their juniors or fresher.

Report ragging to Anti Ragging Committee on any of the following Mobiles:

Mr. Parminder Kumar Member : 98724-68604

Mr. Vivek Sharma Member : 85806-29624

Mr. Gitesh Goga Member : 99882-90890

Mr. Sachin Verma Member : 95018-93100

Mr. Deepak Kumar Member : 72065-52012
